

The only fire fighter based car club in the United States. Active and retired members of the Houston Fire Department who are automobile and motorcycle enthusiasts are invited to join. Our members own vehicles that range from 1911 Model T's to present day American Muscle Cars. From Tuner's to Dragsters, we've got them all. And yes, there are even some antique fire apparatus owned by our members. We have no Board of Directors, no dues and no mandatory meetings. Now you have a reason to get the Hot Rod out and enjoy it. Visit our website www.hfdstreetmachines.com
